

DiALTA Di200f DIGITAL PRINTER/COPIER/SCANNER/FAX

Digital productivity is the key to managing information more efficiently — and the Minolta DiALTA Di200f presents an uncompromising all-in-one digital solution for mid-volume and low-volume applications. It's a powerful 20-ppm copier with superior high-resolution image quality. It's also a high-productivity fax with Super G3 technology and JBIG data compression to make faxes move faster. Add the optional Pi3502 Print Controller, and you'll have complete PC printing and scanning capabilities. There's even an optional Network Application Kit to make Scan-to-E-Mail as quick and simple as sending a fax.
